BLACK WEALTH MATTER

BLACK WEALTH = CONSERVATIVE VOTERS = SUPPORT FOR ISRAEL

Responsible long-time public housing tenants within the Black and Hispanic communities will be able to own – without mortgage or restrictions – those apartments in which they are currently legal tenants. This government to private ownership “turnover” should be initiated in a high-profile urban area, ideally by the President himself.

Emancipation of Blacks and Hispanics from government dependency on an inefficient and broken housing authority bureaucracy will create first-time stakeholders, who will become instant capitalists with generational wealth transferability. I witnessed this with my own eyes.

Tehillim/Psalms 150

Hallelujah. Praise Hashem in His sanctuary;
praise Him in the sky, His stronghold.

Praise Him for His mighty acts, praise Him for His exceeding greatness.

Praise Him with blasts of the shofar; praise Him with harp and lyre.

Praise Him with timbrel and dance.; praise Him with lute and pipe.

Praise Him with resounding cymbals; praise Him with loud-clashing
cymbals.

Let all that breathes praise Hashem, Hallelujah.

I join with the mission of ZOA
and tonight's Honorees
by educating the youth of today
about the strength of young Holocaust survivors,
with my book *Resilience*, museum exhibits,
and teacher training.

Through art, history, and true stories,
we must address the danger of the spiraling hatred
that occurred then, and is beginning to repeat itself now.
Let us teach respect and kindness for humanity.
The Holocaust shall never be forgotten or happen again.
