

Iran Can Annihilate Israel and Attack the United States with Nuclear Missiles

Iran is the world's leading sponsor of terror, Jew-hatred, and anti-Americanism. The world cannot afford a bad nuclear deal with a duplicitous and supremacist Iran.

All members of Congress should hear Prime Minister Netanyahu's views on Tuesday, March 3rd.

Call your Senators and Representative at (202) 224-3121 and the President at (202) 456-1111 because:

Iran's Supreme Leader Khomeini says, "Israel is on the verge of extinction." The Iranian Defense Ministry says, "The number one enemy of Iran is the U.S." Iranian President Rouhani calls for Israel's destruction. Iranian government demonstrators chant, "Death to America! Death to Israel!"

Democrat Senator Menendez says, "The more I hear from the administration and its quotes, the more it sounds like talking points that come straight out of Tehran."

Caroline Glick writes, "Boehner invited Netanyahu because Boehner cares about U.S. national security. He believes that by having Netanyahu speak on the issues of Iran's nuclear program and radical Islam, Boehner will advance America's national security."

Menachem Begin on the lessons of the Holocaust: "First, if an enemy of our people says he seeks to destroy us, believe him. Don't doubt him for a moment. Don't make light of it. Do all in your power to deny him the means of carrying out his satanic intent. Second, when a Jew anywhere in the world is threatened or under attack, do all in your power to come to his aid. Never pause to wonder what the world will think or say. The world will never pity slaughtered Jews. The world may not necessarily like the fighting Jew, but the world will have to take account of him."

Neville Chamberlain appeased Hitler and foolishly declared, "peace in our time." World War II started a year later.

In the '30s and '40s, Jewish Americans were afraid to upset those in power in Washington. Now, with Congress' support, we may be able to prevent another Holocaust.

It is important that all in Congress hear Netanyahu. Tell your President, Senators, and Representative that this is an American issue.
