Changed the Jewish World

“No Jew is at liberty to surrender the right of the Jewish Nation and the Land of Israel to exist. No Jewish body is sanctioned to do so. No Jew alive today has the authority to yield any piece of land whatsoever. This right is preserved by the Jewish people throughout the generations and cannot be forfeited under any circumstance. Even if at some given time there will be those who declare that they are relinquishing this right, they have neither the power nor the jurisdiction to negate it for future generations to come. The Jewish Nation is neither obligated by nor responsible for any waiver such as this. Our right to this land, in its entirety, is steadfast, inalienable and eternal. And until the coming of the Great Redemption, we shall never yield this historic right.”

TWO STATE SOLUTION SINCE 1922 — THE JORDAN OPTION

Rather than take more land from Israel and endanger its security,
it is time to recognize the 1922 two-state solution to the Palestinian Arab problem.
At that time, the Palestine Mandate divided Israel (Palestine) by apportioning the eastern 78% to
Jordan — a land for Arabs, and the remaining 22% west of the Jordan River, Israel — for Jews.

All Palestinian Arabs today living in Judea and Samaria — a.k.a West Bank —
should immediately receive citizenship in their designated country of Jordan.

They can elect to move there or remain as guests in Israel.

Monies from the U.N. and western countries wasted on the corrupt Palestinian Arab leadership could
then go to improving living conditions in Jordan, thus incentivizing people to move to a better life.
